- Appropriate wrist bands must be worn at all times while on premises.
- Absolutely **NO PASSENGERS** are allowed unless coach/instructor.
- All drivers/riders must attend drivers meeting prior to start of event.
- Helmets must be 2005 Snell or newer.
- Convertible vehicles must have roll protection in place. Top of occupant helmet shall be 2 inches below roofline or top of windshield.
- Previous track driving experience is required unless with coach/instructor
- Long pants and closed toed shoes are required.
- Keep driver and passenger front windows down at all times regardless of weather
- Helmets must be on and strapped at pre-grid
- Harness/seat belt must be in place at pre-grid
- Drifting is not allowed on track
- Keep hands in vehicle at all times except to give point by or hand signals
- Trucks, large sedans, and karts are not permitted on track unless approved by management

#### **Extra notes for Riders:**

- Motorcycles are allowed on specific dates, see website for details or call our office
- Riders must wear full leathers, gloves, and boots or a 2 piece zip up
- Motorcycle helmets must be 2005 DOT or newer

#### **RUN GROUPS**

**NOVICE** : Novice group is home to the driver with lesser experience or development, it does not regard to the capabilities of the vehicle.

- Understand the flags
- When your group is called, line up in right lane of hot pit
- Make sure you are properly restrained and your helmet strap is secure
- Grid Control lets cars out one at a time
- The first lap is run under yellow, **NO PASSING**
- Be aware of corner stations
- Sessions begin and end with use of flags.

#### **NOVICE PASSING RULES**

- Passing or overtaking another vehicle is only allowed in the straight aways between turns 2-3, 10-11, and 11-1.
- Do not attempt to pass at any other section of the track regardless of point by.
- If you see a car closing up on you or waiting to pass you, please maintain a safe line and “point-to-pass”, let the driver behind you know that you are aware with a point as to which side he/she should attempt to pass.

- Do not wait until the end of the straight to make a pass or let someone pass you. Give yourself a good braking zone, otherwise wait until the next straight to attempt a pass
- If you fail to let cars pass you because you are not aware of them nor the flags being displayed, you will be black flagged.

**INTERMEDIATE/ADVANCED:** drivers with previous HPDE or track driving experience who are confident with their abilities. If we feel you are not running in the correct group you will be reassigned.

- Understand the flags
- When your group is called, line up in right lane of hot pit
- Make sure you are properly restrained and your helmet strap is secure
- Grid Control lets cars out one at a time
- The first lap is run under yellow, **NO PASSING**
- Be aware of corner stations
- Sessions begin and end with use of flags.

#### **INTERMEDIATE/ADVANCED PASSING RULES**

- **NO PASSING ALLOWED** in between turns 1-2, 3 thru 5, 7 thru 10b.
- The responsibility of passing another vehicle rests with the passing driver, the overtaken driver has the responsibility of easing up or allowing the pass to be made.
- The overtaken driver shall not block or impede a clean, seamless pass.
- Drivers who appear to be blocking or impeding a safe pass will be black flagged.
- Vehicle contact is illegal.
